

November 2020 News

President, Mark Williams

For the last few years at the Annual Lender Appreciation Golf Outing, MCDC has held a food drive to benefit the Greater Lansing Food Bank. This year was no different, therefore the folks at the food bank set up a virtual food drive which turned out to be great success. Not only that, the employees from the MCDC Cares Program also contributed funds to the event.

With these contributions, we were able to raise \$1,919.60 in cash donations for 2020 which will supply 5,200 meals to families in need in the mid-Michigan area. We very much appreciate the support from everyone to help MCDC make an impact in communities throughout Michigan.

Since 2018, over \$10,000 has been donated to various charities in Michigan as a result of the generous donations from the golf outing and the employee originated MCDC Cares Program. The MCDC Leadership Team is very proud of our group and our lending partners for helping to make a meaningful impact. We are extremely grateful for everyone's continued support. Once again, Thank you!

Just a last little tid-bit...by hosting a virtual food drive it turned out to be the "Greenest" of all food drives. There were no transportation costs, boxes, or waste! It also saved the food bank valuable resources and allowed them to purchase the items of greatest need.
