Customer Spotlight LaBaron's Power Sports Inc

Owners, Chad Dingman and Alexander (Alex) Galeczka purchased a much needed larger building for their expanding sports dealership. LaBaron's Power Sports Inc is one of the largest power sports dealers in the state and is known for its unbeatable prices on equipment and customer service. In fact, it was their superb customer service department that demanded more space.

Chad and Alex found the perfect location in Brown City for their growing business and teamed up with Financial Plus Credit Union and MCDC Senior Loan Officer Mike Ufford. By using The SBA 504 Loan Program they were able to obtain long-term, low interest rate

financing with no balloon payment. It was a win-win situation for everyone. Having this new building will allow them to boost sales, add new jobs and most importantly, streamline customer services. MCDC appreciates the opportunity to be a small contribution to the continued growth.
