

Wakeside Marine, LLC Fenton

Captain Cory Pierce had a once in a lifetime opportunity to merge his business with an existing one. By purchasing the new marina, it gave him additional space to increase his services for boat storage winterization. Knowing everything this entailed, he immediately contacted his lender at Financial Plus Credit Union who partnered with Michigan Certified Development Corporation (MCDC) to help facilitate SBA 504 Loan financing.

Cory is thrilled to expand and move upstream in an industry that he loves. With the help of the SBA 504 Loan Program and MCDC's experienced team, he was able to anchor a below market interest rate and seal in long-term financing.
